THE BODY SPACE

LASER & BEAUTY

Introducing Western Sydney's premier unisex Laser and Beauty Clinic.

Our fully qualified Laser and Beauty therapists are experts in their field and focussed on giving you optimum results.

We are ready to help you – whether it be a skin analysis or a one-on-one consultation to discuss which treatment package is best suited to your needs and budget. We only recommend treatments and products we believe in and have experienced ourselves. We live by the credo "It's not about being beautiful, it's knowing how to create it"

"We are ready to help you"

LASER HAIR REMOVAL

Using Australia's number one Laser Candela GentleLASE®. We have designed your Body Space Laser Treatment to be comfortable, fast, and effective. Additionally, the GentleLASE® is able to treat a broader range of skin types than most other hair-removal lasers. It is delicate enough for a woman's fine, sensitive skin and robust enough for a man's beard, back, or arms. Our laser therapists will discuss with you which treatment package is best suited to your needs and budget.
